

CERTIFICATE OF RENEWABLE ENERGY USAGE

Mercatto Energia certifies that the company

FLECKSTEEL INDÚSTRIA DE ARTEFATOS METÁLICOS LTDA.

Has consumed energy generated from renewable sources.

By adopting this practice, the company contributes to the development of a more sustainable energy matrix and helps reduce greenhouse gas (GHG) emissions. The reduction achieved is equivalent to:

142,927 tCO₂

from January to December 2023.

This amount is equivalent to planting 1.020 trees.
